FREIBURG

*Have a look at Freiburg in many different ways;
High up in a cable car shifting slightly in the air
Walking through the old town with a hungry tourist's gaze
Wandering through a gallery, with time to stand and stare
Or sitting in a cafe with a glass of local wine.
From every different angle Freiburg is a city
That takes the time to sparkle, takes the time to shine
In a way that's somehow more profound than pretty.
There's nothing wrong with pretty but that's not the whole story
Of a place as multilayered, multifaceted as this
With history, culture, architecture and a dash of scenic glory
As expansive as a group hug or intimate as a kiss:
So much is hidden from your gaze; it's a mystery, it's an iceberg
With hidden depths and striking beauty from all angles: Freiburg!*

Urbanism Awards 2010

Die Stadt Freiburg wurde von der „Academy of Urbanism“ (London) mit dem Titel „Europäische Stadt des Jahres 2010“ ausgezeichnet. Damit wurde die vorbildliche Stadtplanung, Stadtentwicklung und Stadtgestaltung der letzten 25 bis 30 Jahre honoriert. Das Motto des Wettbewerbs lautete „space, place, life“ dabei ging es nicht um spektakuläre Einzelprojekte oder Quartiere, sondern um die Vernetztheit der Stadtplanung in ganzheitlicher Hinsicht.
